To: Honorable Chairman Joe A. Martinez
And Members, Board of County Commissioners

Substitute
Special Item No. 1A

From: Carlos A. Gimenez
Mayor

Subject: Ordinance Acting upon the April 2011 Cycle of Applications to Amend the Comprehensive Development Master Plan (Standard Application No. 1)

This substitute ordinance differs from the original in that it revises the preamble of the original ordinance to reflect the actions taken by the Board of County Commissioners (Board) at its "transmittal" public hearing held November 30, 2011, and acknowledges correspondence received from the State Land Planning Agency and other reviewing agencies issued between January 4, 2012 and January 27, 2012. This substitute ordinance addresses the disposition of pending Application No. 1 filed in the April 2011 Cycle of Applications to Amend the Comprehensive Development Master Plan (CDMP).

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the attached ordinance (Substitute Special Item No. 1A), which provides for the Board to adopt, adopt with change or deny the pending April 2011 Cycle Application No. 1 to amend the CDMP.

It is recommended that final action be taken on this substitute ordinance for the referenced CDMP amendment application at the conclusion of the public hearing scheduled to begin at 9:30 AM on Wednesday, April 18, 2012 in the Commission Chamber. The ordinance follows the same format used in previous CDMP amendment cycles. That is, it contains a blank space to record your action on the request contained in the referenced CDMP amendment application.

Scope

The CDMP is a broad-based countywide policy-planning document to guide future growth and development, to ensure the adequate provision of facilities and services for existing and future populations in Miami-Dade County, and to maintain or improve the quality of the natural and man-made environment. While the adopted text of the CDMP generally applies countywide, individual, site-specific CDMP Land Use Plan map amendment applications may have localized impact on one or more Commission Districts. For example, Application No. 1 is located in Commission District 2 (Commissioner Monestime).

Fiscal Impact

Fiscal impact means the cost to the County of implementing the activities or actions that would be incurred after approval of an ordinance. Ordinance No. 94-238 requires a statement of fiscal impact on all activities and actions resulting from approval of an ordinance. In addition, Ordinance No. 01-163 requires the review procedures for amendments to the CDMP to include, for any proposed land use change, a written evaluation of the estimated incremental and cumulative impact to Miami-Dade County for bringing such public infrastructure to the area, as well as, annual operating costs. Also, in accordance with Resolution No. 530-10, County departments are required to include detailed financial costs and budgetary impact analysis for items that have a fiscal impact to the County. Information on the fiscal impact of each CDMP amendment application is contained in Appendix E at the end of each application review in the document titled, "Initial Recommendations April 2011 Applications to Amend the Comprehensive Development Master Plan," dated August 25, 2011.

Fiscal impact from approved CDMP Land Use Plan map amendment applications vary depending on the type of request and location. For example, proposals involving non-residential developments have less impact on public infrastructure and services than proposals involving residential developments. According to Miami-Dade Water and Sewer Department, if the property subject to Application No. 1 were developed with the proposed retail use, the annual operating and maintenance costs for water and sewer service to the application site are estimated at \$656. If the subject property were developed with 16 multi-family dwelling units (maximum development allowed under the proposed CDMP land use designation of "Business and Office"), the annual operating and maintenance costs for water and sewer service are estimated at \$2,584.

Housing Impact

Application No. 1 has the potential to increase the County's housing supply, based upon the current CDMP land use designation of the application site and the requested CDMP land use designation. The subject property could be developed with a maximum of 8 residential units under its current CDMP land use designation of "Low-Medium Density Residential (6 to 13 dwelling units per gross acre)". Under the proposed CDMP land use designation of "Business and Office", the application site could be developed with a maximum of 16 residential units, thus, 8 net residential units could be added to the County's housing supply.

Track Record/Monitor

CDMP Amendments do not involve contracts so a Track Record/Monitor is not applicable.

Background

The attached substitute ordinance provides for final action by the Board on the pending April 2011 Cycle Application No. 1. The County transmitted the referenced CDMP amendment application to the State Land Planning Agency and other state and regional agencies (reviewing agencies) for review and comment by letter dated December 12, 2011. The Board's previous action at the November 30, 2011 public hearing for Application No. 1 was to "Transmit with instructions for staff to refer the application back to the Community Council for public hearing and for the applicant to proffer a Declaration of Restrictions limiting the uses allowed on the application site."

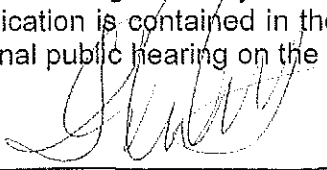

The State Land Planning Agency coordinated the state agency reviews of the transmitted CDMP amendment Application at the request of Miami-Dade County. The State Land Planning Agency presented no comments on the transmitted CDMP amendment application by letter dated January 27, 2012.

Final Recommendations

The North Central Community Council's recommendation on the pending April 2011 Cycle Application No. 1 is to "Adopt with Acceptance of the Proffered Declaration of Restrictions".

The Sustainability, Planning and Economic Enhancement Department's (Department) final recommendation on the pending April 2011 Cycle Application No. 1 is to "Adopt as Transmitted with Acceptance of the Proffered Declaration of Restrictions".

The Planning Advisory Board's final recommendation on the referenced CDMP amendment application is contained in the attached Planning Advisory Board resolution and the minutes of its final public hearing on the pending April 2011 Cycle Applications.
